

CONFIDENTIAL AND URGENT

Commissioner of the R.C.M.P.
Page 2

In some manner the book has designated me as if I were Major L. Bloomfield of the United States Army and Chief of an F.B.I. division in the U.S. for over 30 years. In order to give credibility to their false and preposterous references the editors obtained certain bits and pieces of my biography which have been mixed, garbled and woven into a fabric of lies, hallucinatory accusations and statements that have no connection with me in any shape or form whatsoever.

Also libeled are the Most Venerable Order of the Hospital of St. John of Jerusalem, Knights of Malta, Canadian Institute of International Affairs and their officers and directors. It should be noted that Business Week of January 22nd, 1979, on page 25, referred to the fact that the Soviets and K.G.B. are apparently behind these operations.

It is difficult to know whether individual action should be taken against this group or whether such action should remain in the area of purely investigative procedures by your department for the time being.

However, as a direct result of my particular position which is as Attorney, President of St. John Council for Quebec, Honorary General Consul for Liberia, and director of many hospitals and philanthropic organizations, I now consider this matter to be more significant than a mere embarrassment and there is in fact concern for my personal safety.

As a Canadian Citizen, I would be remiss if I did not extend this concern to other prominent Canadian Citizens in DOPE, INC., such as the Honorable Walter L. Gordon, Charles Bronfman, Ian Sinclair, W. Earle McLaughlin etc.

In the sincere hope that this matter will be given the prompt and proper attention which I sincerely believe it deserves and in anticipation of an early reply to this letter, I remain,

Yours sincerely,

L. M. Bloomfield
